## Notes about Individual Tables

### **Table 1 – Cases Filed Trend Data**

A case is filed with a Circuit Court when an initiating document is filed with the court or a case is transferred from one Circuit Court to another Circuit Court. Cases on this report were initiated during the reporting period.

### **Table 2 – Cases Terminated Trend Data**

A case is terminated in a Circuit Court when a final disposition resolving all the issues on the case is issued or the case is transferred from one Circuit Court to another Circuit Court. Cases on this report were terminated during the reporting period.

### **Table 3 – Cases Pending Trend Data**

A case is pending in a Circuit Court when the case has been filed but not yet terminated. Pending cases may be active or inactive. A case is considered “active” when it is within the circuit court’s control to move it forward to final disposition. Cases on this report are both pending and active on the final day of the reporting period.

### **Table 4 – Cases Per Authorized Judicial Position**

This report compares the number of cases filed for the reporting period to the number of authorized judicial positions for the same reporting period.

### **Table 5 – Age of Pending Cases**

The age of a case is the number of days a case is “active” with the court. A case is considered active when it is within the circuit court’s control to move it forward to final disposition. This report counts the number of active days on each pending case from the filed date to the last day of the reporting period.

### **Table 6 – Cases Tried Analysis**

*Note: This report is not currently available for 2016.*

This report provides data on the number of trials completed during the reporting period. The report provides length and duration of trials and type of trial. The report also provides the time to trial, which is the total active time on the case from the date of filing until the first day of the trial.

## **Table 7 – Goals for Timely Disposition**

The Oregon Judicial Conference set the Oregon Goals for Timely Disposition based on American Bar Association guidelines as modified for Oregon. The reports reflect cases terminated during the reporting period within specific case categories and time lines.

The percent of cases meeting each goal is cumulative. For example, the percent meeting the 98% goal includes the count of those meeting the 90% goal; the percent meeting the 100% goal includes the count of both those in the 98% and 90% goals. The percent of cases beyond the goal is not cumulative.

The “Civil-General” category includes all case types in the Civil case classification.

The “Domestic Relations” category includes Dissolution and Other Domestic Relations case classifications. The “Domestic Relations” category does not have a 98% goal.

The “Summary Civil” category includes both the Small Claims and Landlord Tenant case classifications. Summary civil has only a 100% goal.
