

FULL OPENING STATEMENT

Thank you for attending today's Citizen Review Board hearing. We are specially trained volunteers appointed by the Court. We are not part of ODHS.

The Board is required by law to answer a series of questions called "Findings." They are listed on the back of the notice you received (and on the laminated sheet in front of you if you are attending in person). You will have an opportunity to provide input as we go through the Findings.

The CRB Field Manager is taking notes and writing a report of this review. After the review, we will send the full report to the Court and all legal parties.

We respect the sensitive nature of your case and will not talk about it outside of this review process. If you are not one of the children or parents being reviewed today, please raise your hand to swear or affirm to keep information disclosed to you by the Board confidential, unless authorized by law. By continuing to participate in this review, you are agreeing to do so.

Please let us know if you believe a board member will not be fair or objective. We will consider whether that person should be excused from this case.

The Board will have until _____ to conduct this review. _____ will be leading the review.

Before we begin, do you have any questions?
